

In a violent family everyone could be a victim

And that includes the family pet.

Animal abuse may be a warning sign of a violent home. It may be used as a threat to a spouse, a partner, an elderly person, or a child. But it's *always* serious. And just like the other family members, pets need a safe place to be. That's why The Humane Society of the United States encourages communities to create Safe Havens for Animals™ programs that provide temporary sheltering for pets.

ANIMAL CRUELTY /S FAMILY VIOLENCE.
